

ASX Release

FIRST USA SCHOOL DISTRICT COMMENCES WITH TALI

Novita Healthcare Limited (ASX: NHL) (“**Novita**” or the “**Company**”) is pleased to announce that Nampa school district in Idaho (USA) via the Idaho Arts Charter School (the School), has commenced use of Tali Train.

In partnership with Tali, the School has identified children who would benefit from early intervention to strengthen core attention. Initially up to 50 children will access Tali with this providing the foundation for further sales.

The Nampa school district serves more than 14,000 students. The district delivers three special education programs - Nampa Early Childhood Center, Gateways and PREP, along with three district-authorized charter schools - Idaho Arts Charter, Gem Prep Academy and Pathways in Education.

Programs such as these are optimal partners/delivery channels for Tali Train delivering access to the 5 million children in the USA who have a target clinical diagnosis and that could immediately benefit from Tali Train¹.

As previously stated, the Company is continuing to identify and execute on sales and partnerships domestically and internationally and will continue to update the market appropriately.

Managing Director Comment

Novita Managing Director Glenn Smith said: “Working with credible and forward-thinking schools’ are a primary goal of Novita to ensure the widespread adoption of Tali in the USA. We welcome the commencement of Tali in Idaho as part of our wider USA deployment activities”.
